BROADWAY BOUND

As she performs "Long as I'm Here with You," senior **Olivia Neal** transforms into her character Muzzy Van Hossmere. Neal found inspiration for her "Thoroughly Modern Millie" character from the film version which starred Carol Channing. "In the movie she is flamboyant," Neal said. "I'm more of the humorous character so I though I should add a little Channing so I kind of did a mixture to make it my own." PHOTO BY [KATIA HAUPTMANN](#)
